#### Part B. RESUMEE

Andrea is Professor of Economics (*contratado doctor* by ANECA) at Nebrija University, Madrid, Spain. His research interests are in monetary economics, economic history, and the history of economic thought. Over the years, Andrea has lectured on economics, spent research spells, and attended conferences in Europe and in North America. Outside of academia, Andrea has worked for private companies in Italy and in Germany. He is an occasional contributor to newspapers including *Cinco Días / El País*, *Huffington Post*, and *The Conversation*. He holds a PhD in economics from the University of Lugano, Switzerland, and an MPhil in Economics from Complutense University of Madrid, Spain.
