UNIVERSIDAD
NEBRIJA

Nomination and application

Fall/First Semester From September to January

Start of nomination period	March 16 th
End of nomination period	April 20 th
Deadline to hand in documentation	May 15 th

Spring/Second Semester From February to June

Start of nomination period	June 1 st
End of nomination period	July 15 th
Deadline to hand in documentation	September 1 st

The deadlines to request extensions for existing students are the same as the nomination deadlines corresponding to the desired period.

Required documentation

- Photocopy of passport
- Photocopy of transcript history of home university Studies
- Certificate of B2 level Spanish ability to Study subjects taught in Spanish, or similar B2 certificate in English for students who wish to take any classes taught in English. In both cases, this is a requirement only for students who are non-native in these languages.
- Photocopy of medical insurance valid in Spain.

Integrated Programmes

There are different Integrated Programs at Nebrija corresponding to each faculty of Nebrija University.

In this [link](#) you can consult each one of them and the different subjects that are taught.

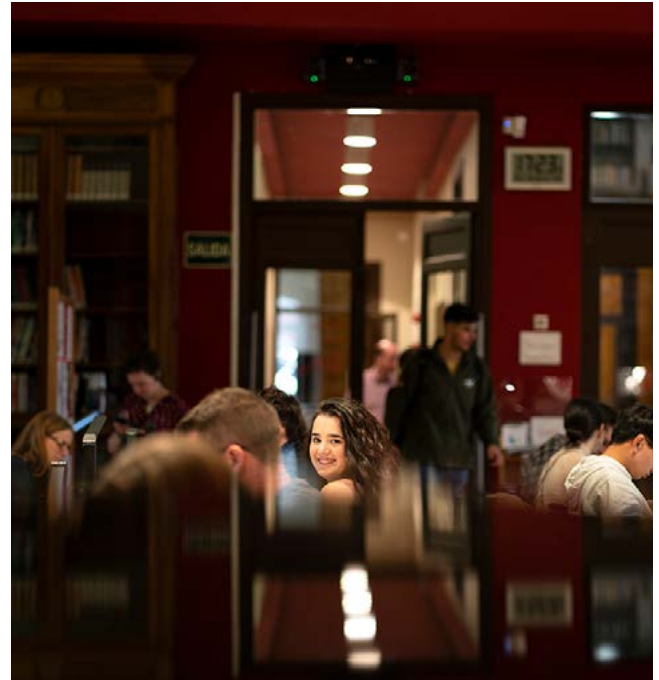

Students are required to choose the subjects of degrees that are part of a single program.

To access the subjects taught in Spanish within these programmes, a minimum level of Spanish of B2 is required (this requirement is exclusive for non-native speaking students).

To access the courses taught in English within these programmes, the home university must verify that the student has a minimum level of B2 in English (this requirement is exclusive for non-native students).

Our international programme is taught in-person, and therefore both lectures as well as exams (mid-terms, regular and re-take exams) require physical presence at their corresponding campus and classrooms.

Students in Integrated Programmes are permitted to enroll in one semestre-long class of Spanish language courtesy of our Hispanic Studies Centre.

Hispanic Studies Programme

This programme consists of Language, Conversation, Culture and Literature courses offered at all levels, from beginners to native speakers.

The Programme is taught at our Princesa Campus or at a support building on Calle Vallehermoso, located approximately 5-10 minutes' walk away from the main campus.

To access this programme, no previous knowledge of Spanish is generally required.

You can find more information at this [link](#).

It also offers the possibility of taking an intensive preparatory Spanish course only for students taking the Hispanic Studies Program.

Campuses of Nebrija

Nebrija University is located in Madrid and has several campuses across the city. The integrated programme will be delivered at the campus corresponding to each student's faculty.

Campus of the Polytechnic and Social Sciences in [Madrid-Princesa](#)

Campus of Life Sciences in [La Berzosa](#)

Campus of Languages and Education in [Madrid-Arturo Soria](#)

Campus of Communication and Arts in [Madrid-San Francisco de Sales](#)

Information of interest

Housing options:

International students can decide on one of the following options:

- Stay with a Spanish host family (half pension or full pension), organized by Universidad Nebrija under the **HomeStay** programme. Please contact Ms. M^a Paz Cantalapiedra Toribio (mcantalt@nebrija.es) for more information.
- **Nebrija University official residences.** For the semester stays, reservations can be requested from 15/05. See their official website at <https://www.nebrija.com/residencia-estudiantes/> for more information, or contact them at residencias@nebrija.es for reservations.

Accommodation in an apartment, rented room, etc. is responsibility of the student. If you need any kind of advice, do not hesitate to contact us so we can help you.

Life in Madrid

Madrid is a vibrant and friendly city for international students.

Living costs can vary, but on average, it is estimated that a student needs around 900-1,200 euros per month to cover accommodation, food, transportation and personal expenses. Housing in student residences or rooming in student apartments can be more economical than living on your own.

In addition, there are student discounts for public transport, museums and cultural activities. It is important to plan a budget. Enjoy your experience in Madrid!

General Visa information:

If you are a European Union citizen, you do not need to apply for a visa. Students from other countries will have to apply for their student visa with the corresponding consulate months before your arrival in Spain.

Important: The Office of Internacional Mobility will not be responsible for delays in the processing of student visas.

Medical insurance:

All exchange students must have a valid medical insurance for the duration of their stay as a student.

If you are from the European Union, you can apply for the European Health Insurance Card, if your country does not belong to the European Union, you will have to look for a private medical insurance valid for student stays in the country of destination.

Student Life

Nebrija University offers international students a wide range of activities that complement their academic experience and enrich their time in Madrid.

Through its **clubs** and programmes, students can practice sports, take part in trips and cultural activities across different regions of Spain, and connect with fellow students in a dynamic and international environment.

In addition, the Buddy Program supports students during their first weeks at the university by pairing them with Nebrija students who help them integrate smoothly and make the most of their university experience.
